Oldway Mansion - The Jewel in Paignton's Crown

Oldway Mansion really should be the Jewel in Paignton's crown. Decades of underfunding, poor decision making and neglect from several parties has left it in a terrible state. The Friends of Oldway and the Oldway Gardens Volunteer group are doing great work - the gardens in particular are an absolute credit to the work of the volunteers. But the Mansion itself needs serious funding to restore it to its former glory. If elected I would work with the two groups - and any other interested parties - to attempt to secure the funding needed to get Oldway open again. National Government, Local Government, Charities and National funding organisations should all work together to make Oldway the first place to visit for the many tourists who come here every year.

Save our NHS - End Privatisation

A 1% pay rise. That's how much this Government values our nurses. They'll happily hand out £37, 000,000,000 to SERCO and Matt Hancock's close friend Dido Harding for a test and trace system that has been a failure from day one, but they award the NHS staff who have risked so much a pay cut after inflation. A middle band nurse will collect an extra £3.50 a week. Not even enough to cover the cost of parking at the hospital.

And while that's been happening, 49 GP surgeries in London have been sold off to American Healthcare Insurance giant Centene Corporation. Privatisation is happening, and it needs to be stopped. Only Labour will defend our NHS

Stop the Tory sell-off of our NHS

OUR SEAFRONT - ACCESSIBLE TO ALL?

We should all have access to our wonderful beaches, which is why, if elected, I would work to bring in a Beach Wheelchair scheme. These schemes have proved incredibly popular in other resorts and should be a part of life here in the Bay. I'd also want to see an end to parking charges to enable our seafront to be truly open to all - and to bring the shoppers back to Paignton when restrictions are lifted

MY PLEDGES TO YOU

- FAIR FUNDING FOR TORBAY**
I believe that the Government should support local councils with additional funding to stop Lib Dem Torbay hitting residents with a 5% council tax hike.
- WELL PAID, HIGHLY SKILLED JOBS**
Work to bring new business and investment to the Bay, in high tech modern industries, reducing our dependence on low paid, insecure employment
- COUNCIL HOMES TO RENT**
Action to tackle our housing crisis - press for council houses to be built at rents local people can afford, rather than private housing that benefits second home owners
- ADDRESS CLIMATE CHANGE**
We need to invest in green energy, which will boost local jobs and protect our natural environment
- SUPPORT FOR THOSE IN NEED**
Campaign to ensure that support services for vulnerable people are properly funded, and care workers receive a proper living wage.

Andy lives in Paignton. He works for Citizens Advice, helping clients with issues such as debt, benefits, housing and employment rights. A lifelong Socialist and Trade Unionist, Andy is a member of UNITE - The Union and is currently the Chair of Torbay Labour Party. He is a keen sports fan, following Somerset cricket, and Plymouth Argyle football club. He's engaged to Emma, and they have three children between them - Andy's son, George and Emma's son Harry and daughter Grace.
